

# INDIA BEYOND 2020 CHALLENGES & OPPORTUNITIES

DIGITAL CONFERENCE

**DR. SETHUKUMANAN**

Chairman Sethu Bhaskara Agriculture  
College & Research Foundation

**RURAL DEVELOPMENT**

**Dr. Sethukumanan** recalls, that 5 years back they purchased a 240 acres of land which was named 'Kalam Kalvi Gramam'(Agri College) and 55 thousand trees were planted. He said he is happy to see that many more people are involved in the field of agriculture, children are also interested in the area for gardening etc and he said its even nice to see children from rural areas have started asking questions and doubts.

Dr. Sethukumanan also said that from the Agri College they are getting more than 50 litres of milk which has been given free to the people in the village. Lots of initiatives like seaweed farming are being taken up by the college and research work is also moving forward and the college is in the path of progression.
